This session is designed and facilitated by *Mujeres Latinas en Acción*, a bilingual/bicultural agency that assists in the healing and prevention of domestic violence by offering crisis prevention, 24-hour crisis line, counseling, community education, and more. This session will raise awareness by discussing domestic violence's complexity and its effect on individuals and the family. Learn more about the signs, types of abusive behavior, and consequences. Further information about resources and programs will be shared.

* This event is open to the public
